Document Description/Changes		

<p>Required Please provide a description of the proposed document. This description will be used in both the Announcement of Formation of Ballot Pools and Announcement of Ballot Openings documents.</p>	<p>The Personal Healthcare Monitoring Report (PHMR) is a document that carries personal healthcare monitoring information. The information is transmitted as notes and as raw data. Notes may be supplied by a disease management service provider. The information may have multiple characteristics, including representation of measurements</p>
<p>Required Provide a summary of changes of material interest (including all substantive changes) in this document since its last ballot. This description will be used in both the Announcement of Formation of Ballot Pools and Announcement of Ballot Openings documents.</p>	<p>Based on ballot comments the DSTU is to be updated in order to bring it into alignment with the Consolidated CDA. To do this effectively and without limiting the scope, both realms US and Universal are included in the updated version of the specification.</p>
<p>Balloting CMETs?: Default is False; if True, a list of all CMET identifiers is required. You can review the assigned CMETs at the CMET Management Project in GForge.</p>	<p><input checked="" type="radio"/> False <input type="radio"/> True</p>
<p align="center">ANSI-Required Information</p>	
<p align="center">The following information is required by ANSI for ALL ballots.</p>	
<p>Project Need Required Briefly explain the reason behind the need for this project. This may be related to legislative requirements, industry need, or similar justifications.</p>	<p>There is an industry need for documents that carry personal healthcare monitoring information.</p>
<p>Other Referenced Standards Required Does this document include text from an ISO or IEC standard? If so, please cite those standards here.</p>	<p>N/A</p>
<p>Unit of Measure Required As required by ANSI, if measurements are introduced in this standards document, what is the measurement type from the choices available?</p>	<p><input type="radio"/> US <input type="radio"/> Metric <input type="radio"/> Both US and Metric <input checked="" type="radio"/> Not Applicable</p>
<p>Stakeholders Required Please identify the stakeholders. For example, pharmaceutical, healthcare, etc.</p>	<p>Continua Health Alliance adopts this specification to enable creation and transfer of health monitoring reports that aggregate measurements from remote health monitoring systems. Additional stakeholders include EMR and other health system vendors that may want to include personal monitoring health data in their systems.</p>
<p>Consumer Product Indication Required Is this a consumer product?</p>	<p><input type="radio"/> Yes <input checked="" type="radio"/> No</p>
<p align="center">Ballot Reconciliation Reminder</p>	
<p><input type="checkbox"/> Yes, I have completed or will complete all reconciliation activities before the reconciliation deadline for this cycle. (If this is the first ballot of this material, please check.)</p>	<p>Required All reconciliation activities for a ballot document must be completed two (2) weeks prior to the ballot cycle opening. Reconciliation activities include:</p> <ul style="list-style-type: none"> • Posting a Complete Reconciliation Package • Advising Negative Voters of the Disposition of their Negative
