  - Dec 19 - continue discussion
  - Dec 26 - canceled
  - Jan 2 - canceled
  - Jan 9 -
- From Shannon:
  - *A reminder that today, from 12:00 to 1:00 pm ET, we will be discussing the remaining withdrawn Negative votes plus Gil's negative votes. Attached is a filtered Excel file with those comments. If we have time, we will also discuss the Affirmative comments we found persuasive with mod (also attached here).*
  - *For the Negative comments, the comment submitters are:*
    - **Chris Hills**
      - *#14 - not persuasive*
        - *withdrawn*
      - *#14 - persuasive with mod*
        - *discussed by phone with submitter and he agreed to retract the negative. We already have variables for metabolism or efficacy, and deletion/duplication analysis. We have also added a variable for hypersensitivity*
        - *withdrawn*
      - *#18 - Persuasive*
        - *Changed to specify the LRI id detail (reworded)*
        - *withdrawn*
      - *#22 - not persuasive*
        - *the code sustme we are looking for is not available for this web site. We have found a workable solution from NCBI , and the balloter is ok with the solution*
        - *withdrawn*
      - *#26 - Not persuasive*

- *discussed by phone with submitter and he agreed to retract the negative*
  - *withdrawn*
  - *#28 - Not persuasive*
    - *items are really orderables, not in scope*
    - *withdrawn*
  - *#29 - considered for future use*
    - *not in scope*
    - *withdrawn*
- *Gil Alterovitz*
  - *#2 - persuasive - have changed the wording to DSTU ballot*
    - *gil - agree to withdraw*
  - *#3 - persuasive - remove references to future FHIR collaborations*
    - *gil - agree to withdraw*
  - *#4 - persuasive - remove section 1.3.5*
    - *gil - agree to withdraw*
  - *#5 - persuasive - document too long; shortened the guide in response (especially Tables 2-6), but length was a result of the committee's requirements*
    - *considered for user use*
    - *gil - will withdraw*
  - *#6 - persuasive with mod - doesn't apply anymore since pharmacogenomics is now included in LRI*
    - *gil - will withdraw*
- *Nell Lapress - submitter for Epic*
  - *#1 - considered for use*
    - *withdrawn*
- *Riki Merrick -*
  - *#5 - persuasive*
    - *we will submit to make a STU comment*
    - *Andrea - part of LRI is comply with CLI requirements*
    - *withdrawn*
- *Swapna Ahbyankar -*
  - *#4 - persuasive*
    - *we think you mean Figure 1 which will be simplified*
    - *Withdrawn*
- *Motion to accept Clem, second by Gil*
  - *abstain = Kevin (missed the 1st part of meeting)*
  - *nays = 0*
  - *yeas = 6*

- *For the Affirmative Persuasive with Mod comments, the submitters are: (not addressed today)*
  - *Russell David and Michael Holmes*
  - *Riki Merrick*
  - *Eric Haas*
  - *Gay Dolin*
  - *Chris Hills*
  - *Hans Buitendijk*
  - *Andrea Pitkus*
- *Please tell me if you want any comments pulled.*
- **Other**
  - none
