MONDAY, MAY 16

HL7 Q1

Room 174

9:00 AM – 10:30 AM

General Business

Relevant National HIT Landscape Updates

Guest speakers representing the American Academy of Pediatrics and The American Board of Pediatrics (*Christoph Lehmann, MD*), the National Association of Children's Hospitals and Related Institutions (*Aileen Sedman, MD*), the HIMSS Pediatric Special Interest Group (*Pele Yu, MD*) and the AHRQ Model EMR Format for Children Project (*Andy Spooner, MD*) will provide updates. We will discuss the work of the HL7 Child Health Work Group in the context of national efforts.

HL7 Q2

Room 174

11:00 AM – 12:30 PM

Working Session: HL7 Child Health Functional Profile for EHR Systems, Release 2

Representatives from the EHR Work Group will provide an update on the status of Release 2 of the HL7 EHR Functional Model. Volunteers who reviewed the HL7 Child Health Functional Profile in advance of the meeting will share thoughts on areas for potential improvement in Release 2. The group will review a draft project scope statement, make adjustments and aim for a vote to approve the document for consideration within HL7.

HL7 Q3

Room 174

1:45 PM – 3:00 PM

Working Session: Neonatology Profile for EHR Systems

Volunteers who reviewed the HL7 Child Health Functional Profile in advance of the meeting will share thoughts on unique neonatology functional requirements for consideration in the HL7 Neonatology Profile for EHR Systems. The group will develop a project plan moving forward.

HL7 Q4

Room 174

3:30 PM – 5:00 PM

HL7 Projects and Providing Pediatric Input

Brett Marquard, the project lead for the HL7/IHE Health Story Consolidation Project, will provide an overview about the project and insight into the best way to provide input from a clinical perspective moving forward. The project consolidated a number of HL7 Clinical Document Architecture-based (CDA) implementation guides for common clinical documents, such as Discharge Summary, Procedure Note and History & Physical, with the HL7 Continuity of Care Document standard.

TUESDAY, MAY 17

HL7 Q1

Gardenia

9:00 AM – 10:30 AM

Possible Working Session on Child Health FM R2 Continued
Adoption Strategy
Agenda Planning for Next Meeting

We will discuss challenges and opportunities related to adoption of the HL7 Child Health Functional Profile and other standards supported by the Child Health Work Group. Vendor partners are encouraged to participate and share their perspective and advice. We will outline priority activities following the meeting and plan the agenda for the group's next webcast meeting.

HL7 Q2

Gardenia

11:00 AM – 12:30 PM

HL7 Projects and Providing Pediatric Input

Floyd Eisenberg, MD, with the National Quality Forum and *Gaye Giannone Dolin, MSN, RN* from Lantana Consulting Group will then talk about efforts underway in the standards community to support quality measurement (e.g. PQRI, HQMF, QDM, QRDA) and provide a high level walk through of the steps of turning pediatric quality measures into eMeasure specifications using HL7 standards and NQFs eMeasure authoring tool with the NQF Quality Data Manager (QDM)
