

IPS Face 2 Face meeting

@Phast

2017-03-21

13.45 - 15.30

Notes in red

WRAP UP Q1

Wrap up Q1

- Write an intermediate report of IPS activities (Marketing scope)
 - ACTION : Kai will write this.
- HL7 and CEN should have mutual references in their deliverables
 - TS document will include direct reference of the HL7 IPS IG
- HL7 community should look at the EN and TS documents for comments
 - ACTION: Steve can give access to them

Wrap up Q1

- Identify primary (preferred) reference terminologies for the IPS content
 - Use Snomed CT as reference terminology where appropriate
 - Where used as main code, other codes are provided as translation (or original text (if only textual)).
 - *(add examples..)*

MADRID WGM

Madrid WGM

- Meeting hosted by EHR
 - Wed, May 10th Q2.
- Other meetings ?
 - Other Wgs ?
 - Should we ask for a presentation to Pharmacy ?
 - Kai can take care of Pharmacy with the Medication Statement part

Plan for project progress report at end of the meeting

- Plan for project progress report at end of the meeting
 - Draft specification
 - (postpone to the last Quarter)

Objective of this quarter

-
- Define what the package should be (including contained artefacts)
 - Identify what is missing to get this result (*beside template rules and value set..*)
 - Make a plan

Agenda

- Preparation of the IPS Implementation Guide editing and publication
 - Content of the package
 - Outline of the structure of the implementation guide
 - Consolidation of the sections to be included in the IPS guide (with the outline ?)
 - Identification of tools and actions needed for the preparation of the ballot package
 - Status of the specification of templates and value sets in ART DECOR [high level]

Package content (this version)

- PDF of the IPS CDA R2 Implementation Guide
 - With examples of CDA fragments
 - Includes a list of used value set with the links to the latest version of the value sets (source ART DECOR)
 - Reference to the CEN IPS work (in the introduction)
- Supporting material (ballot)
 - At least one complete example of IPS
 - At least one complete non-english example of the IPS (with translations)
 - Static html of the IG (export from ART DECOR) includes the value sets and dataset (and scenarios)
 - Schematrons (from ART DECOR)

Package content (this version)

- Out of the package
 - Wiki page IG
 - ART DECOR IPS project

Agenda

- Preparation of the IPS Implementation Guide editing and publication
 - ~~Content of the package~~
 - Outline of the structure of the implementation guide
 - Consolidation of the sections to be included in the IPS guide (with the outline ?)
 - Identification of tools and actions needed for the preparation of the ballot package
 - Status of the specification of templates (and value sets) in ART DECOR [high level]

■ Input

- Three pages word document (front page)
- ART DECOR content
- MediaWiki
 - Write text
 - “transclude” (runtime include) ART DECOR snippets
 - Stylesheet for the pdf export

Tools and Steps

- Publication in wikimedia + PDF export (?)
- What needs to be prepared ?
 -

■ Set up the mediaWiki

- Ask Kai to set up a media wiki site using hl7.eu platform
- Registering the IPS.net with the descriptive only no public content available. Site restricted to IPS members.
- Investigate with HQ the use of the HL7 Int.
- In case to move content in the new space.

■ Kai: editing space ready for the next week

-
- Adding the IG outline (as the site is up).

Agenda

- Preparation of the IPS Implementation Guide editing and publication
 - Content of the package
 - Outline of the structure of the implementation guide
 - Should we split in sub-groups for the next items ?
 - Identification of tools and actions needed for the preparation of the ballot package
 - Status of the specification of templates and value sets in ART DECOR [high level]

Outline

Is this the structure ?

What can be reused ?

HL7 CDA® R2 Implementation Guide: International Patient Summary (IPS), Release 1, 1st
STU Ballot (PI ID: 1087)

Identifier ? => CDAR2_IG_IPS_R1_?1_2017SEP

C-CDA R2.1

Volume 1 — Introductory Material

Volume 2 — Templates and Supporting Material

Only one document.

Sections

- Medications (Statements, (relevant) ceased and current) **(entries defined) (R)**
